

## Rites of Passage: Rituals & Responsibilities

With Waldorf Educational Specialist Karen Benson

**Tuesday, January 31st**  
**7—8:30 p.m.**

**Whidbey Island Waldorf School,  
6335 Old Pietila Road, Clinton**

This lecture is the second of a series offered over the course of the 2011-12 school year entitled **"It's Never Too Early to Prepare for Adolescence."**

*In this lecture, we will explore practical ways to create "Rites of Development" to provide new opportunities in increased privileges and increased responsibilities as your child matures through the stages of 3-6, 7-10, 11-14, and 14-18. A template will be provided as a way to consciously create a form which honors both the sacred and practical needs related to acknowledging significant milestones in our children's life journey.*
